No CV, no interviews

Your profile and FlexScore do the talking. Verify once, then claim in a tap.

The screenshot shows a mobile app interface for finding shifts. At the top, the status bar shows the time 9:41 and signal strength. The app title 'Find SHFTs' is displayed. Below it, there are several filter sections: 'Date' with a 'Select Date' button; 'Hourly Rate' with a slider between £12.21 (MIN) and £25 (MAX), and a toggle for '18-20' and '21+'; 'Time Range' with 'From' and 'To' time pickers set to 00:00; 'Location Range' with a slider between 1 Mile and 25 Miles; 'Shift Timing' with a slider between 'Immediate (24h)' and 'Upcoming (2 Days)'; and 'Category' with a dropdown menu set to 'Hospitality'. At the bottom, there are 'Reset' and 'Apply' buttons.
